

DIAMOND OPEN ACCESS: HOW CAN WE MAKE IT SHINE?

20 June 2022 | 10:30 - 12:30 CEST

In March 2022, the Action Plan for Diamond Open Access was launched, upon initiative of Science Europe, cOAlition S, OPERAS, and the French National Research Agency (ANR). The objective is to further develop and expand a sustainable, community-driven Diamond OA scholarly communication ecosystem.

YERUN is among the numerous organisations supporting the Action Plan. This event aims to contribute to the ongoing discussions and complement the intentions laid out in the Action Plan with a more hands-on perspective.

- ➔ *What are universities doing to promote this yet under-exploited publication format?*
Series of presentations on the implementation of this OA publication format.
- ➔ *What are the obstacles that are preventing Diamond Open Access from reaching its full potential?*
Discussion in breakout rooms.
- ➔ *What can the research sector do to overcome these obstacles?*
Discussion in breakout rooms.

10:30 - 10:40

Welcome and introductions

- Silvia Gomez Recio, YERUN Secretary General

10:40 - 11:20

What are universities doing to promote Diamond Open Access?

Series of pitches on best practices on the implementation of this publication format + Q&As

Moderated by Katrine Sundsbø, University of Essex

- Hannah Crago & Dafni Kalatzi Pantera, University of Essex
- Matthias Landwehr & Andreas Kirchner, University of Konstanz
- Ivana Dorotič Malić, University of Rijeka
- Ron Aardening, Maastricht University
- Cátia Teles & Salima Rehemtula, NOVA University Lisbon
- Tomi Rosti, University of Eastern Finland

11:20 - 11:45

Let's discuss: What are the obstacles that are preventing Diamond Open Access from reaching its full potential? *(breakout rooms)*

This discussion aims to facilitate views exchanges among participants on why DOA is not yet widely used as a publishing format. The outcomes from each breakout room will be shared in the plenary.

11:45 - 12:10

Let's discuss: What can the research sector do to overcome these obstacles? *(breakout rooms)*

This discussion aims to facilitate views exchanges on how we can implement more DOA practices. The outcomes from each breakout room will be shared in the plenary.

12:10 - 12:25

Presentation of the Diamond Open Access Action Plan *Dr. Bregt Saenen, Senior Policy Officer, Science Europe*

12:25 - 12:30

Conclusion
